Kensar Equipment Company Appointed Exclusive Doosan Forklift Dealer for Greater Indianapolis Area

Indianapolis, IN – Kensar Equipment Company, a member of Wolter Group LLC, proudly announces they have been appointed the exclusive Doosan forklift dealer for the greater Indianapolis area; offering Doosan’s full line of diesel, gas and electric forklifts.

Kensar Equipment Company offers used material handling equipment nationwide, as well as new equipment, used equipment, parts, rentals and service to manufacturing, warehouse and distribution centers throughout Indiana.

“We’ve built a solid reputation and customer base for used equipment and rental,” said Ken Sarbaugh, Vice President and General Manager of Kensar Equipment. “Over time, we’ve experienced a greater need for new equipment, and now with the support of Wolter Group LLC, we are able to expand from being a single-line Linde forklift dealer, to a full service, multi-line distributor to better serve our customer’s new equipment needs.”

“Wolter Group LLC carries the Doosan forklift line through its Wisconsin Lift Truck and Illinois Material Handling divisions. Due to the success we’ve experienced in these markets, it was a natural partnership to add Doosan forklifts to Kensar Equipment’s portfolio” said Jerry Weidmann, President, Wolter Group LLC. “We’re looking forward to Kensar Equipment Company’s rapid growth in the greater Indianapolis area.”

About Wolter Group LLC
